

Hope Coppice

The 'Planting Our Future' team will be starting works to enhance the green space opposite Woodloes Road within the coming weeks. The area, recently named 'Hope Coppice' is being created for residents and families in remembrance of those affected by Covid-19.

Phase 1 works will commence on **6th September**, and will last approximately 10 weeks. Contractors, Copper Beach, will be in the area week commencing 30th August to fence off the site ready for the works to commence. The company have a fantastic environmental ethos and understanding of nature being a priority (e.g. hand digging where possible so not to disturb tree roots etc.).

Access to the site will be via Woodloes Road, all measures will be taken to ensure minimal disruption during this time.

The programme of works will be shared shortly. Progress will be documented and showcased here on our website and social media @LoveSolihull (Twitter, Instagram and Facebook under Planting Our Future) #PlantingOurFuture
